Catalog 457012

Supersedes 457012, Dated July 2006

SKF Seals Master Interchange

Includes large diameter seals, split seals,
heavy duty Waveseals, hydraulic/
pneumatic, metric seals, SPEEDI-SLEEVE,
Scotseals, and hubcaps

How to use this catalog

This catalog is presented in a simple to use sequence similar to a dictionary listing. The original equipment and seal manufacturers numbers are arranged in left-to-right Alpha/Numeric sequence. There is no need to predetermine the Prefix-Base-Suffix to quickly locate the desired number. Letters (alpha) take priority over numbers (numeric).

Examples:

A1		B1110A		22A1793		Followed by: AB1325R
Followed by: 1A122		Followed by: 11B2363		Followed by: 2222		Followed by: 111-105-245
						Followed by: 12A10039

Other examples:

C3TS3800-7A		8EQH2965		A1805A79
Followed by: C3TS3800-7B		Followed by: 8F1596		Followed by: A1805B132
Followed by: C3TS3800-7C		Followed by: 8F2079		

In some cases more than one SKF number appears as an interchange.

Example: **A1805A495 R-STD** **29906**
or 480300

Items with a symbol • are Scotseals or Scotseal components. Where a grease seal can be used as an option, listing is as follows.

Examples: • **35066** • **39420**
 or 35062 or 1219

• **35066** is the Scotseal equivalent or 35062 is the grease seal equivalent.

Items with a symbol ▲ are **solid** type only. If **split** type is required, call for assistance.

Example: ▲ **2200390**

Items with a symbol ■ are the non-primary interchange.

Example: **R27761 JI CASE** **24863**
 or ■ **24865**

Note: Interchanges listed here will provide a fast conversion of manufacturer or competitor numbers to the SKF equivalent. Please note that many interchanges are made on an application basis and may not be identical in style or type. Whenever possible refer to the **SKF Passenger car & light truck catalog-Current (457205)**, **SKF Passenger car & light truck catalog supplement (457205s dated 2009)** **SKF Passenger car & light truck catalog-Vintage (457206)**, or the **SKF Agricultural applications pocket guide (457649)**, to assure proper seal specifications.
